

Tropical Wildlife Study Tour

Travel to Nicaragua and embark upon a study tour of tropical ecosystems and live on a shade-grown coffee plantation. See over 200 bird species and capture some in mist nets. Learn about shade-grown coffee, local cultures, and the importance of nature-based tourism. View wildlife during a sunset boat ride, go on night hikes for nocturnal mammals, and climb to the rim of an active volcano.

March 12 - March 19, 2010

Courses – 2 credits:

- FW 495 – Nicaraguan Wildlife and Nature-based Tourism (undergraduates)
- FW 595 – Nicaraguan Wildlife and Nature-based Tourism (graduate students)
