

Faculty Fellows Symposium

Thursday, February 7, 2019 | Hunt Library Teaching & Visualization Lab

Center for Geospatial Analytics **Faculty Fellows** push the frontiers of geospatial data science and represent a dozen academic departments and six colleges across NC State University.

For the first time, our Faculty Fellows will share their research in one venue to spark interdisciplinary collaborations with other NC State researchers and students. Join us!

2:00 – 2:40 pm **Digital Poster Session**
