Subject: Internship Opportunity

Pack for a Purpose is a 501(c)(3) nonprofit organization (http://www.packforapurpose.org/). Our mission is to positively impact communities around the world by assisting travelers who want to bring meaningful contributions to the destinations they visit.

The internship consists of finding and contacting potential participants, uploading and formatting information and blogs for our website, editing articles for publication online or in various media outlets, updating the website using a content management system, local community outreach, and social media promotion. There is some flexibility depending on an intern’s skill set and interests.

This is a great opportunity for students to make a difference in a nonprofit setting, gain exposure to international community-based service projects, and develop website management skills.
